

AUSTRALIAN
**DOG TRAINERS
ACADEMY**
TRAINING THE TRAINERS

SHORT SKILL COURSE MORE INFO - October 2007

TRAIN THE TRAINER:

Topics covered:

- **Unique Reward based training** – which allows the most difficult of dogs to be trained.
- **Training for Results** – Our simple, yet effective technique teaches us how to get training results **in minutes with untrained dogs**, without using any harsh methods.
- **The 8 keys** of running a successful training class.
- **Canine Psychology** – learning why dogs do what they do, and how to get fast results.
- **Human Psychology** – most of our dog training challenges come from the human part of the equation, so understanding human psychology, which relates to canine training, is essential for a successful trainer.
- **How to improve our people skills** with proven adult-learning procedures.
- SMALL classes—personalised attention
- And lots more.....(including breaks & lunch!)

TRAIN THE PUPPY TRAINER:

Topics covered:

- **How** to run a successful *puppy* training class.
- How to structure an **easy puppy class lesson plan** that gets results and is fun.
- **Canine Psychology & problem solving** – understand why puppies do what they do, and how to get fast results. An informative workshop session with great handout.
- **Training for Results** — an amazing hands-on technique teaches us how to get **untrained puppies to do things** (sit, stay, drop, walk to heel etc), without using any harsh methods.
- **Adult Learning** Most of our dog training challenges come from the human part of the equation, so understanding **human psychology, which relates to puppy & canine training**, is essential for a successful trainer.
- **How to improve our people skills** with proven adult-learning procedures.
- **Our special puppy training tips**, ensuring a healthy & happy dog & owners
- SMALL classes—personalised attention
- And lots more..... (including breaks & lunch!)
